GETCO Names Daniel B. Coleman Managing Director

Chicago, IL, September 29, 2010 – GETCO, a global market maker, today announced that Daniel Coleman is joining the firm as Managing Director with a focus on business development.

“Daniel is well respected throughout the financial services industry for his experience building and leading world-class businesses,” said GETCO co-founder Stephen Schuler. “He will be a tremendous asset as GETCO continues to grow and evolve, and we are excited he has chosen to join the firm.”

GETCO

“I share GETCO’s commitment to efficient, stable and competitive capital markets,” said Daniel Coleman, “and I look forward to joining its talented team in leveraging the firm’s technology and risk management leadership to help investors solve their liquidity and trade execution needs.”

Prior to joining GETCO, Mr. Coleman was Global Head of Equities at UBS and served as a member of the Investment Bank’s Executive Committee and the Group Managing Board. At UBS he also chaired the Equities Management Committee and the IB-Institutional Client Committee.

GETCO is a registered market maker on NASDAQ, NYSE ARCA and BATS exchanges; a Supplemental Liquidity Provider on NYSE; and a Designated Market Maker on NYSE.

Mr. Coleman earned an M.B.A. from the University of Chicago and a B.A. from Yale University.

About GETCO:

GETCO is a leading global market maker. The firm’s primary business involves both buying and selling securities to provide two-sided markets on exchanges around the world. The liquidity GETCO supplies allows individual and institutional investors to immediately transfer the risk often associated with securities while saving money on trading costs. In addition, GETCO provides customers with dedicated liquidity through GETCO Execution Services (GES).
